### Underground Projects: Water, Sewer, Stormwater

Thanks to the approved FY23-24 budget and the establishment of a Public Infrastructure District (PID) that was funded by private developers in Downtown SSL, significant investments were made in our utility infrastructure. Crucial projects like installing new pipes that service our water, sewer, and stormwater systems for residents. After decades of neglect on systems operating with pipes and culverts that are 50-plus years old, new tax revenue has allowed us to address these dire upgrade projects that will last for future generations. Key projects started in the last year include the

installation of new sewer lines and drinking water pipes, replacing vintage fire hydrants, fixing water main breaks, and securing property for a

Over 50 trees and hundreds of pollinator plants were added this year at Fitts Park. A beautiful new Goshute Garden at West Fitts along Mill Creek was also added.

### Investing in South Salt Lake: A Look at City Infrastructure Improvements

As South Salt Lake grows and hits new milestones, we're committed to meeting the community's needs and keeping residents first. Looking ahead to our 2024-2025 fiscal year budget, we're investing in the upcoming needs to ensure our residents continue to benefit from quality services and amenities for years to come. One of my main priorities is infrastructure upgrades. By prioritizing our aging infrastructure, we minimize disruptions and ensure the public safety of our community members. Several big projects were set in motion or accomplished last year, with 2024 on track to be just as busy. Let's take a moment to update you on these essential infrastructure projects in South Salt Lake.

*In the fulfillment of our budget objectives, let's recognize that these projects take time and can be inconvenient. We appreciate your patience as we work on these construction projects, knowing they can be challenging to manage, especially with working crews on your street or in your neighborhood. Concerns or questions related to a project? SSL Neighborhoods Connect, connect@sslc.gov, 801-464-6757 is where you can go for answers.*

future culinary well site to quench our growing water demand.

#### Visible Projects: Streets, Street Lights, Sidewalks, Parks & Trails

Our commitment to enhancing quality of life in SSL is also taking place through various projects transforming the community landscape. From the reconstruction of 500 West to the repaving of Morris, Leslie and Sunset Aves, the City is investing in better streets for safer and smoother journeys. Good news for our dog owners, the creation of a new dog park near City Hall and planned improvements at Lions Dog Park provide places where you can take your pups off leash safely. With a priority to preserve and enhance our natural environment, we planted over 50 trees and 500 pollinator plants at Fitts Park, and with the completion of Parley's Trail 900 West Bridge which links South Salt Lake to the Jordan River Trail, the City is making strides in connectivity and promoting healthy and active lifestyles.

*At long last, 20 years in the making! In 2023, two bridges, at 900 West and over the Jordan River were completed. Parley's Trail now connects West Valley, SSL, and SLC's east bench to the Jordan River Trail.*

While you have most likely encountered some of these projects during construction, many are completed without impacting residents. We thank you for your patience and know that much of what your City is investing in includes accessibility, safety, and connectivity that ultimately benefit us all. I hope you'll stay informed as budget season approaches and we continue to work towards making South Salt Lake an even better place to live, work, play, and move.

#### FY23-24 SSL Infrastructure Summary At-a-Glance

- 6,000 feet of new sewer lines in the Central Park and Downtown SSL neighborhoods
- 1,610 feet of drinking water main from 4" to 10" pipe along 200 East
- 18 water main breaks fixed and/or completely replaced
- 962 streetlight upgrades to LED bulbs
- UDOT adding accessible sidewalks and ramps along State Street
- Parley's Trail 900 West Bridge connecting SSL to the Jordan River Trail

## Your Tax Dollars at Work

South Salt Lake leaders are committed to public safety. City staff work hard to ensure the safety of our residents, businesses, and neighborhoods. Last fiscal year, the Police Department responded to 43,666 total calls for service, and the Fire Department responded to 7,554 service calls (6,295 medical and 1,259 fire). While this is a significant call volume for a City our size, it is also a testament to the committed professionals we have keeping us safe!

**DID YOU KNOW?** Due to non-resident workers and commuters who travel through our city, the daytime transient population of South Salt Lake swells to more than 3 times our evening residential population. The bulk of daily police and fire calls are responses to the non-resident daytime population. Because national crime statistic models compare total police calls to the evening population of a city when determining its crime rate, it creates misleading reports on the crime levels within our residential population.

**THE DIGNITY INDEX**

The Dignity Index is an eight-point scale that scores speech along a continuum from contempt to dignity in as unbiased a manner possible.

**Everyone deserves dignity.**

**1 2 3 4 5 6 7 8**

**TAKE THE PLEDGE**  
**DIGNITYINDEX.US**

*Think of it as the Golden Rule for conversations. The Dignity Index came about as a way for people to start thinking about how we treat others: with contempt or with dignity. Civil disagreements are part of a thriving democracy, it's what we do when we disagree that can bring us together or drive us apart. As we enter another presidential election cycle, keep dignity top of mind. Learn more and take the Dignity Pledge at [www.dignityindex.us](http://www.dignityindex.us).*

## South Salt Lake City Council Action Report Summary

Full agendas, minutes, handouts, and video recorded meetings available at: [www.sslc.gov/160/City-Council](http://www.sslc.gov/160/City-Council)

Date	Agenda Item	Subject	Action	Next Step
Regular Meeting				
2/7	Unfinished Business – Resolution	Ordinance amending Municipal Code Title 17 to update definitions, correct technical errors, and update regulations related to Accessory Dwelling Units, including Permitted Use Standards and Design Standards.	Approved	No further action necessary

# Public Safety

## Honoring SSLPD Officer Jordon Branz: A Quick Response Saved a Life

In February South Salt Lake Police held their annual awards banquet. I had the privilege of honoring Officer Jordon Branz for his remarkable dedication to duty and commitment to serving our community.

Officer Branz exemplifies the values of our organization through his quick thinking and decisive action in a recent emergency situation. Officer Branz responded to a call for assistance where he found an unconscious and non-

breathing female. Without hesitation, Officer Branz immediately began performing CPR, demonstrating his proficiency in life-saving techniques. His swift response and unwavering determination played a crucial role in sustaining the individual until medical units arrived on the scene. Thanks to his heroic efforts, the individual received the prompt medical attention she needed, ultimately leading to a positive outcome.

Officer Branz's actions reflect not only his exceptional training and skills but also his deep sense of compassion and commitment to protecting and serving our community. His selfless dedication to the well-being of others is truly commendable and serves as an inspiration to us all.

In addition to recognizing Officer Branz, I would also extend my appreciation to all our officers and professional support staff who work tirelessly behind the scenes to provide valuable services to our community. Each member of our team plays a vital role in ensuring the safety and security of our neighborhoods, and we are immensely grateful for their unwavering dedication and professionalism.

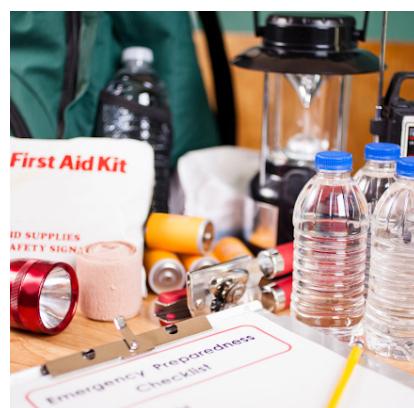

**Message from SSLPD  
Chief Danielle Croyle**

## Preparing for the Unexpected: Creating an Emergency Plan

As the City of South Salt Lake's Emergency Management Coordinator, my primary objective is to adopt a proactive approach in mitigating, preparing for, and responding to emergencies within our city or those that could potentially impact our residents. With anything of this magnitude, I cannot do this alone and firmly believe in the strength of a community working together. I am reaching out to you to reinforce our city's readiness for any potential disasters and hope you will participate.

Step one is to create a plan. It's essential to think through an emergency plan for all of those who reside under your roof, including yourself, your family, your pets, and others in your home. While it may seem like a substantial undertaking, over the next year, I will break down this process into manageable steps. I'll be providing

## Meet New SSL Animal Services Manager, Ben Henrie

Please help us in welcoming Ben Henrie as our new Animal Services Manager. Ben brings a wealth of leadership experience stemming from 9 years in Code Enforcement for Park City and Bluffdale. Ben is known for his exceptional skills in communication, leadership and creating nurturing environments. Back that up with military service, and a love of dogs and you get a great combination for leading the pack, both human and animal. In his new role, Ben says, "I believe building a safe and cohesive team structure will better serve our staff, our community, and our animals." We are excited to welcome Ben as he works toward creating a better community for pets and their owners through education, compassion, and advocacy.

## The Co-Op Computer Lab Now Open

A priority of the South Salt Lake Community Center (The Co-Op) is to provide individuals a space to utilize and seek out opportunities that will help them succeed. This includes providing a space to learn new skills, navigate employment resources, and learn about community resources.

Thanks to a grant from Mountain West Small Business Finance the Promise SSL Co-Op was able to purchase desktop computers for residents to utilize. With this needed addition, individuals can access resources to search for work opportunities, seek out educational resources, apply for wraparound services, develop business skills, and other opportunities that will help them work towards their goals.

### Enhancing SSL's Urban Forest: Nominate Your Favorite Tree

**CITY OF SOUTH SALT LAKE**

# URBAN FORESTRY

*The City has launched a page  
dedicated to Urban Forestry!*

Learn more about:

- **TREE OF THE YEAR AWARD**
- The Upcoming Urban Forestry Plan
- Tree Giveaways
- Tree Planting Events
- The First-ever South Salt Lake Tree Week: May 6-11, 2024

**SOUTH SALT LAKE  
DEPARTMENT OF  
NEIGHBORHOODS**

This year, South Salt Lake is embarking on big plans involving trees and the city's urban forest. To keep everyone informed, we've created a new page dedicated to all things urban forestry. Scan the QR code to find out about the upcoming Urban Forestry Plan, tree giveaways and planting events, and the first-ever South Salt Lake Tree Week scheduled for May 6-11th.

To celebrate all of the exciting tree things happening in 2024, we're excited to announce the launch of our inaugural Tree of the Year Award to shine a light on our city's most impressive and interesting trees. Do you know a special tree that deserves recognition? Sugar Maple? Rocky Mountain Juniper? Maybe it's a towering landmark, a tree with a special history, or a unique species of tree that stands out. If so, nominate it now for the Tree of the Year Award by visiting our new Urban Forestry page at [sslc.gov](http://sslc.gov) (scan the QR code) and filling out the nomination form. The winning tree will be announced during the South Salt Lake Tree Week in May!

## TEE - BALL

**WHO:** Boys & Girls, 7-12 years old  
**WHEN:** Mon & Wed evenings  
**WHERE:** Central Park Field  
**COST:** \$25/first kid, \$20/second, \$15 third

Registration deadline is March 29.

Scan the QR code for details and  
to register, or visit [SSLC.gov](http://SSLC.gov).

## WHAT'S NEW

### ACCESSORY DWELLING UNIT (ADU) ORDINANCE

In the past month, Community Development has been working with the SSL City Council on a new ordinance to amend the SSL City Municipal Code Title 17 regarding Additional Dwelling Units (ADUs). The ordinance, which has progressed through both the Planning Commission and City Council, has undergone revisions to incorporate public feedback and concerns. The primary goal behind allowing ADUs in the city is to promote affordable housing, offer residents opportunities to generate extra income to support homeownership costs, and provide flexibility to families navigating multi-generational living arrangements. Some key things to consider:

- The ADU cannot be used as a Short-Term Rental (like Airbnb).
- Homes within the single-family land use zone are allowed to have one Internal and one External ADU per property.
- To qualify for an ADU, your lot must be at least 6,000 sq ft with 50 feet of frontage.
- Applicants will incur impact fees as well as any applicable connection fees.
- Owner occupancy is required. The property owner must live in either the Primary Dwelling or the ADU.
- Before issuing any building permits, an ADU Pre-development application must be submitted to the Planning Department.

### SoDo DEVELOPMENTS

The SoDo project is situated in the burgeoning Downtown SSL district and aims to exemplify transit-oriented development and lays the groundwork for shaping the future character of this neighborhood. Spanning a 7.54-acre site, the proposed project is anchored at the intersection of 300 West and Utopia Avenue to the west and north, with TRAX lines on UTA property bordering its southern and eastern edges. The current project plan envisions the construction of eight-story structures across two phases, featuring a mix of residential and retail spaces and associated structured parking.

### CHINATOWN - PHASES 2 & 3

Chinatown is currently in the stages of completing Phase 2 and Phase 3 of its project, marking a significant milestone by acquiring the parcel where Southern X-Posure Showclub was located, at 3410 S State Street. Chinatown is poised to introduce an expanded parking facility, a diverse selection of restaurants, and additional retail spaces.

### How You Can Get Involved
